Dear Liz and Richard

I hope you are both well! We have not met, but I am working on the Protea Village project as the Environmental Consultant conducting the Basic Assessment process (in order to apply for Environmental Authorisation under NEMA).

I tried calling both of you this morning, but I understand that Richard is on leave and Liz was unavailable.

The purpose of this contact is to give you forewarning of the advertisement of the Basic Assessment process and development proposal, which will be appearing in the Cape Argus and Cape Times tomorrow. We will also be putting up site notices and hosting an Open House Event on 21 November 2018 (let me know if you'd like to attend).

We are also planning focus group meetings with adjacent landowners specifically on 13 and 14 November from 17H30 to 19H30 at the Fernwood Parliamentary Sports grounds. The meeting on the 13th will be for those adjacent to Erf 242 and the meeting of the 14th will be for those adjacent to Erf 212. Again, please let me know if you would like to attend either or both of those meetings.

I have attached the Background Information Document (BID) which will be distributed to our Interested and Affected Party (I&AP) database tomorrow. I thought you may like to familiarise yourself with it in case any of your constituents contact you about it.

If anyone contacts you, please encourage them to get in touch with us and also encourage them to attend the Open House on 21 November (details included in BID).

I was hoping to discuss this with you telephonically before sending you the BID, but I feel it is important that you receive this information now.

If anyone contacts you, please encourage them to get in touch with us and also encourage them to attend the Open House on 21 November (details included in BID).

I was hoping to discuss this with you telephonically before sending you the BID, but I feel it is important that you receive this information now.

You will also receive all the notification information tomorrow as part of the formal notification process.

Please confirm receipt of this mail and also feel free to get in touch if you have any queries or comments.

Warm regards

Marielle Penwarden
