Good day Chand

Apologies for the late email.

The matter was discussed at HOMs yesterday but there is no formal application to HWC.

Please can we set up a meeting to discuss this matter further as this might be related to another application?

I note that you mention SAHRA but do not mention of HWC permit and comment in the documentation.

Kind regards,

Dear Stephanie,

Thank you for writing to us.

Given that the site is a National Heritage Site the main commenting authority is SAHRA, and their comment is in hand – see attached.

There has been no application/NID submission to the HWC.

My understanding from the heritage practitioner is that it's not strictly required for HWC to comment (given that SAHRA is the authority on the case) but the documentation was shared with HWC as a key state department. Should we still expect a comment from you?

I can give you a call this afternoon if you'd like to discuss the matter further.

Warm regards,

Claudette Muller
